Shell Script Lab – Terminal Output Screenshots

Name: **Vanya**

Defensive Script – No Argument
Vanya@ubuntu:~/shell-lab$ ./defensive_script.sh
Usage: ./defensive_script.sh <filename>
Terminal output

Defensive Script – Missing File
Vanya@ubuntu:~/shell-lab$ ./defensive_script.sh ghost.txt
Error: 'ghost.txt' not found.
Terminal output

Note: The valid-file example uses a sample students.txt containing 4 lines; the line count changes according to the actual file.
